Chicago, U. S. A.

60 Branches and Service Stations in Principal Cities

The *Stewart* Factories

The above illustration shows the large factories of the Stewart-Warner Speedometer Corporation at Chicago.

These buildings have a total of 470,000 square feet of manufacturing floor space.

The factories are equipped throughout with up-to-date, automatic machinery, manned by skilled experts.

Every modern facility and convenience is included, to make possible the production and prompt delivery of high-grade products.

Warner Auto-Meter

Magnetic Type

Model 67-A . . . \$50

3¾-inch Dial Face. 60-mile Speed Dial. 100,000-mile Season Odometer. 100-mile Trip Odometer, with reset device. Trip record can be reset to any mile or tenth of a mile. Face of instrument beveled around odometer opening. Figures are set directly in driver's line of vision. Furnished with a flange for flush-type mounting.

Stewart Speedometer

Magnetic Type

Model 131-A . . . \$25

3-inch Dial Face. 60-mile Speed Dial. 100,000-mile Season Odometer. 100-mile Trip Odometer, with reset device. Trip record can be reset to any mile or tenth of a mile. Face of instrument beveled around odometer opening. Figures are set directly in driver's line of vision. Furnished with a flange for flush-type mounting.

Stewart Speedometer

Magnetic Type

Model 150-D . . . \$11.75

Western Price, \$12.50

Special for Ford Cars. 3-inch Dial Face. 60-mile Rotating Speed Dial. 100,000-mile Season Register. 100-mile Trip Register can be reset to any mile or tenth of a mile. Complete with driving equipment for Ford cars.

Stewart Instrument Board for Ford Cars

Model 150-B . . . \$13

Western Price, \$13.75

Speedometer is same as Model 150-D (see page 5). Instrument Board is made of wood, with black satin, egg-shell finish. Clock, headlight switch, starter control, and other accessories can be installed on the board. Easily installed in one minute. No bolts, screws or brackets. Speedometer is furnished complete with driving equipment.

Stewart Instrument Board For Ford Sedan and Coupelet

Model 150-F . . . \$15

Western Price, \$16.50

Speedometer same as Model 150-D (see page 5). Instrument Board is made of wood—handsome black, egg-shell finish. Fits directly under wind-shield and is held in place by five wood screws furnished. Hooded light above speedometer wired to connect with Ford lighting circuit. Complete with driving equipment.

Stewart Speedometer and Instrument Board

Model 150-G . . \$20

Western Price, \$21

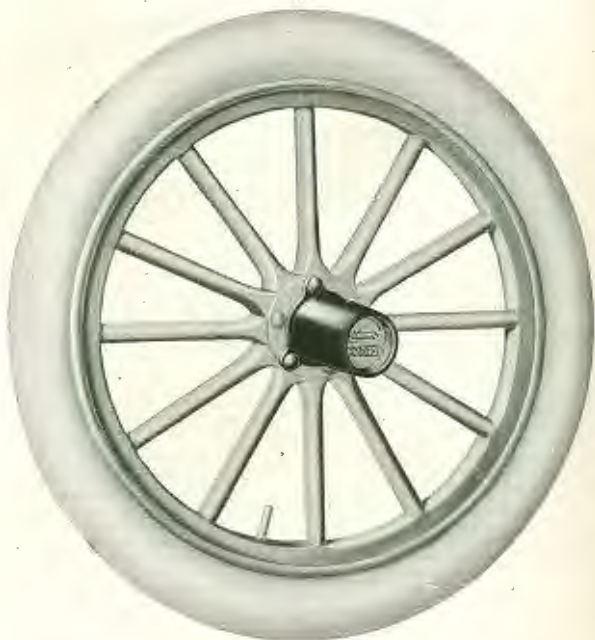

De Luxe speedometer for use on Ford cars. 3-inch dial face. 60-mile speed dial, 100,000-mile season odometer, and 100-mile trip odometer, with reset device. Face of speedometer is beveled around odometer opening and figures set directly in driver's line of vision.

Stewart Truck Speedometer

Model 131-M . . \$35

Specially designed for use on trucks. Will withstand the most severe service. Speedometer enclosed and completely protected by aluminum shell. Easily installed on dash. Large plain figures. Set at an angle so that it is most easily read.

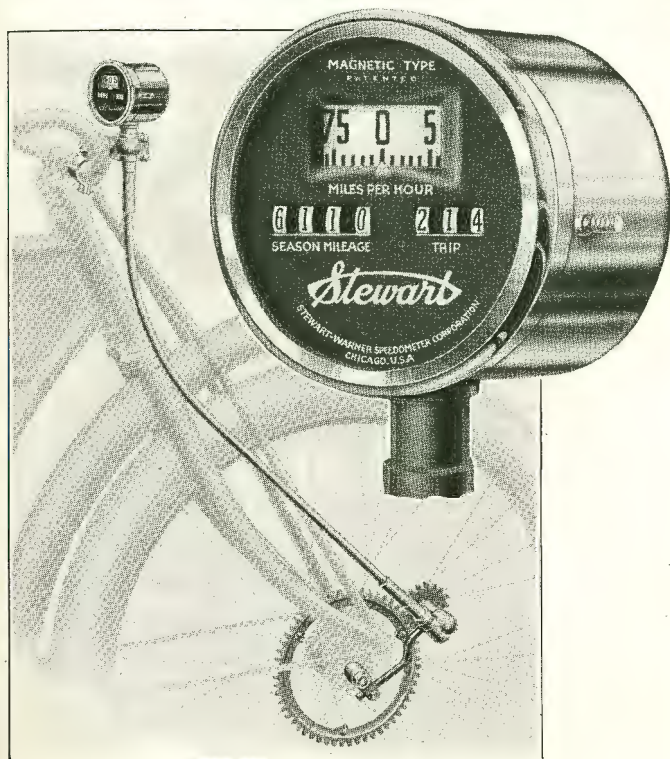

Stewart Hub Odometer

With Hub Cap for Ford,
Maxwell or Dodge Cars, \$11
Western Price, \$11.75

Odometer contained in heavy iron shell, which takes place of regular hub cap. Registers mileage in both directions—forward or back—up to 100,000 miles, and repeats. Very easily installed.

Also furnished in quantities for any make of car. Prices upon application.

Stewart Speedometer

For Motorcycles—Front Wheel Drive
Model 101 . . . \$10
Western Price, \$10.75

2½-inch Dial Face. Has rotating Speed Dial. 75-mile capacity. Equipped with 10,000-mile Season Register and 100-mile Trip Register, which can be reset to any mile or tenth of a mile. Complete with front drive equipment, as shown above.

Stewart Speedometer

For Motorcycles—Rear Wheel Drive

Model 42 . . . \$11

Western Price, \$11.75

Three inch Dial Face, Pointer-type magnetic. 75-mile capacity. Has 10,000-mile season register and 100-mile trip register, which can be reset to any tenth of a mile. Complete with rear-wheel drive equipment, as illustrated above.

Stewart Spark Plug

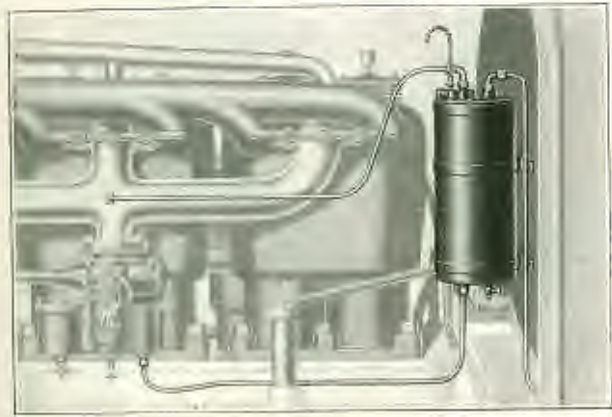

Price . . . \$1.25

Furnished in all sizes to fit any make of motor in use on automobiles, motor trucks, motor boats, aeroplanes, tractors, and stationary power plants.

A large sturdy plug with solid, substantial core. Has universal terminal to accommodate the various types of connections.

Stewart Vacuum System

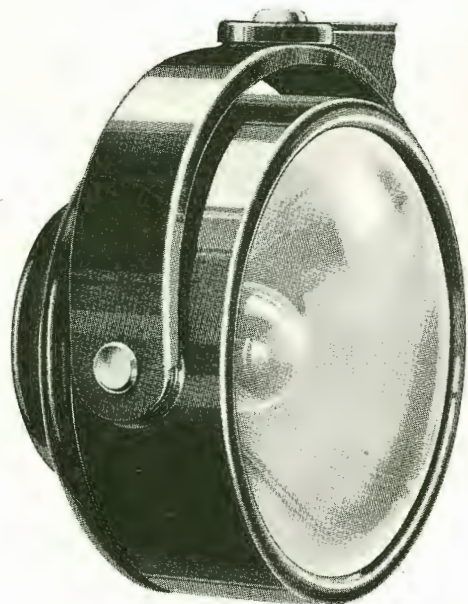

Stewart Vacuum System

Price . . \$12.50

It is a small tank installed under the hood on the dash or motor, and connected to the intake manifold, carburetor and gasoline supply reservoir. (See illustration on opposite page).

The suction of the motor through the manifold draws the gasoline from the rear reservoir to the small tank under the hood, from which the gasoline falls in a positive, even flow to carburetor. Can be installed on any car, old or new.

Stewart V-Ray Searchlight

Price . . . \$6

Furnished complete with full 6-inch curved lens; silver-plated reflector; 3¼-inch reducing mirror in back. Completely equipped with universal bracket which fits all makes of cars, and five feet double strand electric cord.

Stewart Warning Signal

(Hand Operated)

Price . . . \$4.50

Operates by a slight pressure of hand or finger on the plunger. The patented bracket is made with a swivel—one part fastens on the rail of the car and follows its shape, while the part holding the signal swivels on this rail bracket and can be so adjusted that the horn always points straight ahead. Furnished complete with bracket.

Also Models for Trucks

Stewart Warning Signals

(Motor-Driven)

Price, Either Model, \$7.50

Furnished with motor for 6, 12, 18 and 24 volts. Price includes bracket, push button, terminals, and six feet of double strand electric cord.

Special model for installing under the hood. This model is also used as regular equipment by car manufacturers.

Stewart Warning Signal for Motorcycles

(Hand Operated)

Price . . . \$4.50

Furnished complete with combination bracket which can be installed on either handle bar or frame. Illustration shows bracket adjusted for installing on frame.

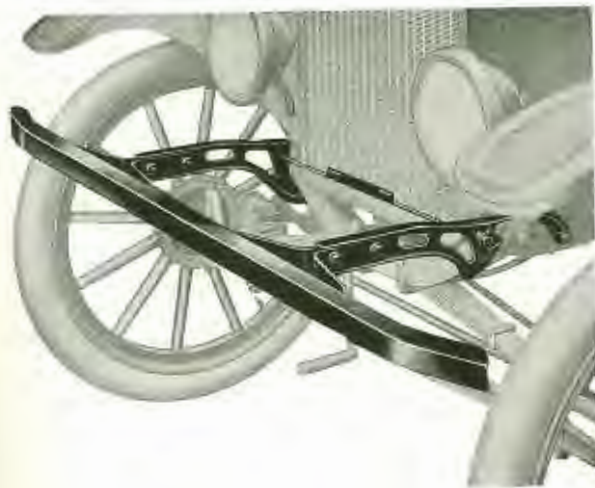

Stewart Autoguard

Model 140-A . . . \$12

Western Price, \$13

With Nickel Rail, \$13; Western Price, \$14

Furnished complete with universal adjustable brackets, which fit practically any make of car.

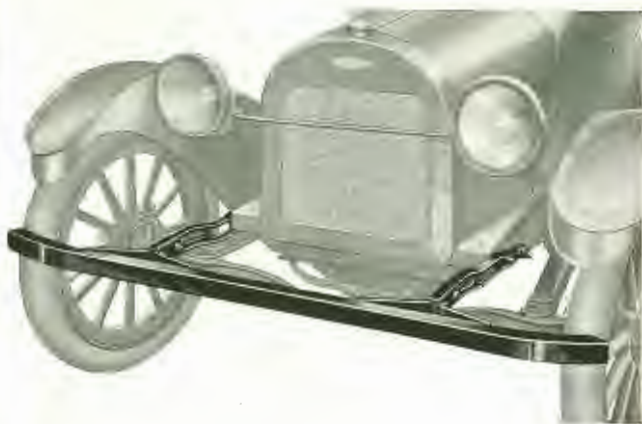

Stewart Autoguard for Ford Cars

Model 140-B . . \$10

Western Price, \$11

With Nickel Rail, \$11; Western Price, \$12

Furnished with special brackets for installing on Ford cars. Easily installed without cutting or altering car. Includes license plate bracket.

Stewart Autoguard
for Model "490" Chevrolet
Model 140-C . . \$10

Western Price, \$11

With Nickel Rail, \$11; Western Price, \$12

Specially designed for Model "490" Chevrolet car. Fits perfectly without alterations to the car.

Stewart Lens

Price . . . \$2 Per Pair

Stewart Lens illumines the full width of the road, including side ditches, and without glare. Provides an evenly distributed, glareless light. Makes night driving safe. One model fits all headlights on any make of car.
